WEB & USER EXPERIENCE (UX) SERVICES

4 seconds - that's how much time you have to make a lasting impression on your visitors. With this in mind, we deliver cleanly designed and easy-to-use websites, that focus on achieving your business goals, by delivering bespoke, custom solutions, through the utilisation and implementation of best-of-breed technologies and practices, tailored to fit your specific requirements.

DIGITAL CAPABILITIES

FRONT-END DEVELOPMENT

Our front-end development stack is built using the Bootstrap framework allowing mobile responsiveness out the box.

E-COMMERCE

Depending on the project type, we work on a wide variety of e-commerce platforms. For a bespoke, stand-alone platform, we would use either Magento or Shopify (size of project dependent).

SOURCE CONTROL

To ensure that every project is managed and backed up correctly, we make use of secure online git repositories. These are online storage blocks that allow easy collaboration between our developers and for working with external partners.

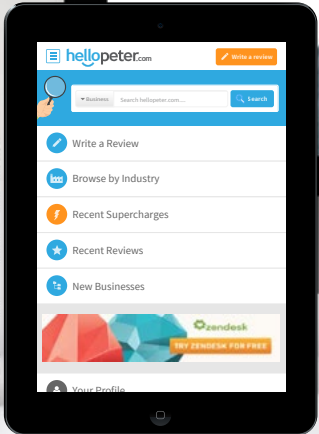

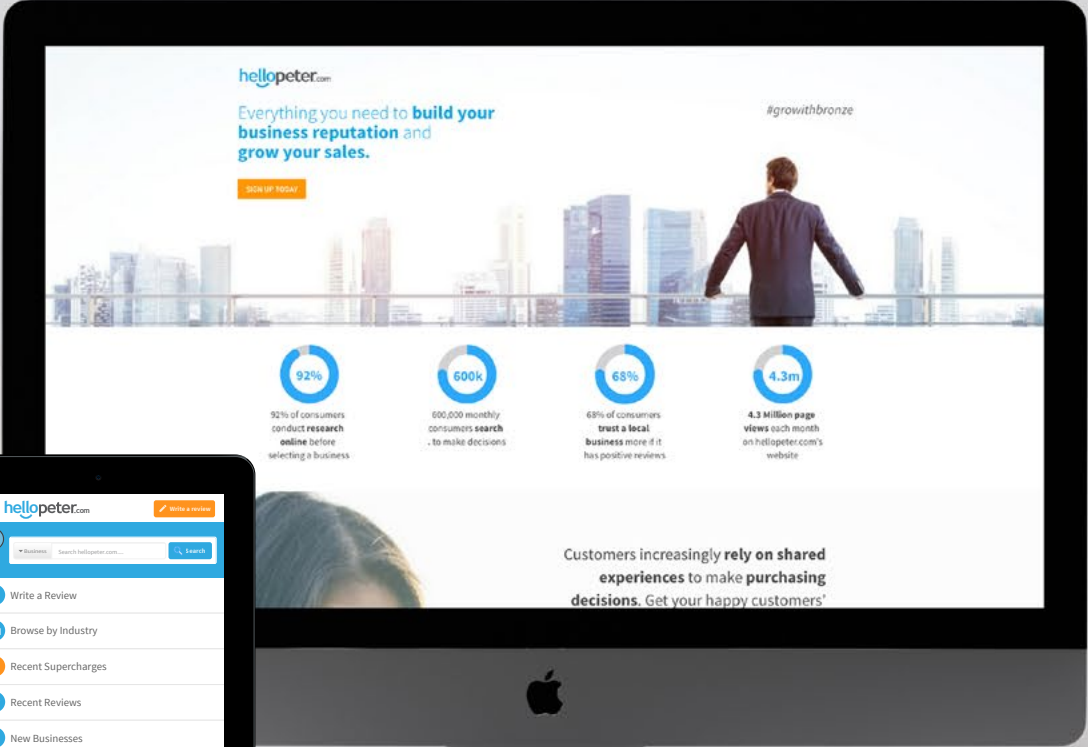

ARCHITECTURE & BACK-END

We believe in using open-source frameworks for development - ensuring maximum scalability and support. Depending on the size and nature of the project we would choose between a Content Management System (CMS) - usually Wordpress, or the full MVC framework Laravel for bespoke applications.

BRIISK.IO

The laptop screen shows the BRIISK website homepage. At the top left is the BRIISK logo. The navigation menu includes: Insurance, E-Commerce, Foreign Exchange, Credit, Services, and Request a Demo. The main heading reads "BRIISK INSUR-FINTECH. INSTANT RESULTS." Below this, a sub-heading states: "Insurance: Access to instant digital marketplaces. Reduce administration cost by up to 30%. Speed up innovation." A button labeled "REQUEST A DEMO OF THE BRIISK INSTANT TRANSACTION PLATFORM" is visible. The background features a person's hands typing on a laptop.

The tablet displays a world map with red highlights indicating operational regions. Below the map are four key statistics:

Number of Transactions	Number of Countries in Operation	Market Cap Rate	Global AUM (USD) (as of 12/31/2018)
1000000+	7	100%	247/365

Below the statistics are three columns of links: "BRIISK SERVICES" (Insurance, E-Commerce, Foreign Exchange FX, Credit, Services, Channel Partners), "COMPANY" (About Us, Our History, Offices & Partners, Careers, Management Team), and "GET BRIISK TECH" (Request a Demo).

How it works?

Different businesses have different needs, which is why we've created a scalable approach that fits your company's specific requirements.

- 1 Assess**
We utilize our proprietary technology to understand the specific nuances of your firm, providing insights and driving a bespoke workforce strategy.
- 2 Build the perfect team**
Our proven, flexible engagement model can fit your specific needs, including level and type of needs, volume of work, and cost, and range from an individual auditor to an entire team.
- 3 Seamless integration**
We take care of everything, securing visas and logistics for on-site teams and delivering custom virtual teams to suit your specific needs.
- 4 Unrivaled care**
Once our teams are deployed we work with you to make sure we are delivering maximum value.
- 5 Grow**
Every partnership is built on a long term. We work to realize...
