MOUNT NELSON HOTEL

THE BRIEF

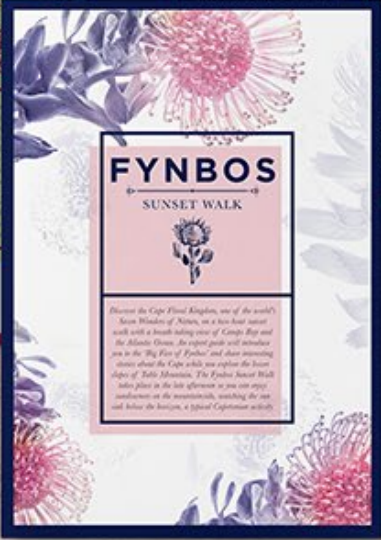

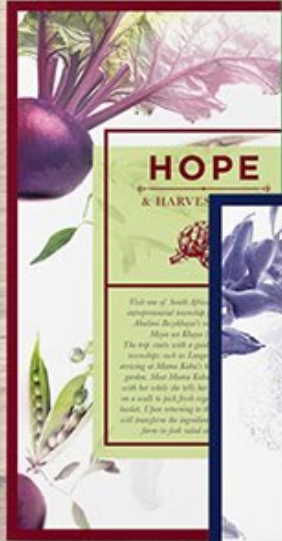

The Belmond Mount Nelson Hotel underwent an interior revamp for all their common areas and outside terrace, embracing the Belmond DNA and creating an interior design language celebrating the rich history of the Hotel. Our brief was to design new menus for their famous high tea and lunch offerings, as well as activity & social media cards that were genuine and understated, complimenting the new exquisitely restored interiors by “bringing the garden into the hotel”.

THE INSPIRATION

The restored interiors create a feeling of a conservatory, bringing in natural light, filled with indoor plants and botanical themed elements. The menus, activity cards and social media cards derive inspiration from the hotel’s fern and botanical elements, fresh organic vegetables from their garden and the famous Mount Nellie pink.

FYNBOS
SUNSET WALK

Discover the Cape Floristic Kingdom, one of the world's seven Biosphere Reserves, on a two-hour sunset walk with a breath-taking view of Camps Bay and the Atlantic Ocean. An expert guide will introduce you to the 'Big Five of Fynbos' and share interesting stories about the Cape while you explore the lower slopes of Table Mountain. The Fynbos Sunset Walk takes place in the late afternoon as you can enjoy panoramic views of the mountains, watching the sun set behind the Atlantic, a typical Capetonian activity.

Meet Momo's Kitchen and enjoy a cup of tea with her while she tells her story and then take you on a walk by fresh, fresh vegetables and herbs for your basket. Upon returning to the hotel, our creative chef will transform the ingredients into the most authentic form to feel what is the Chef's Table.

CAPE TOWN SOUTH AFRICA

THE MOUNT NELSON MONOCLE

VOLUME 01

HELLO & WELCOME TO OUR ICONIC, ROSY-HUED HOTEL.

I am delighted that you have chosen the Mount Nelson Hotel as your 'home-from-home' during your stay in the beautiful city of Cape Town. In this, the first edition of the quarterly Mount Nelson Monocle, we hope to inspire and guide you to experience the very best that the city – and our hotel – has to offer.

My family and I only moved to Cape Town last year, arriving from my previous role at Belmont Cab. Just as in the Caribbean, we have enjoyed every minute of 'Mother City'. On my first visit here more than 20 years I immediately fell in love with the city's positive energy, and I hope you will find just as much pleasure in its authentic hospitality, beautiful scenery and marvelous culinary experiences.

I'm originally from Portugal, so am passionate about good food, and when I arrived at the hotel last year, remembering the hotel's dining offering was top of my best chefs in South Africa? Two names kept coming up, again and again: George Jardine, and Liam Tomlin.

And I am thrilled to share that we welcome them both to the Mount Nelson Hotel this year, with George as our new Executive Chef, and Liam as the Creative Energy behind the food team. You can read all about these culinary trailblazers in the pages that follow.

Warm regards,
Tiago Moraes Serment
General Manager

MY FAVOURITE
REACH.
It's not far from the hotel and has some of the best sunsets in Cape Town. Compared to the Caribbean, the water is pretty calm though.

VIEW OF THE CITY.
It's from anywhere on Table Mountain, whether walking, running or taking the cable car to the summit. Stylish and scenic views of the city and the bay.

GET UNDER THE SKIN OF CAPE TOWN

Cape Town is a complex city. A tapestry where layers of culture, history and identity overlap and interweave, where the beautiful politics of South Africa's past meet the vibrant multiculturalism that defines the city today. On the carefully curated walking tour of the city specialist guide Kate Crane brings you back some of those layers, revealing the colourful history of the Cape and the vibrant energy of the city's creative communities.

She has been a communications 'kick-butt' for more than 20 years of experience in South Africa and the 'kick-butt' has been the same and it's the guest's particular if it's an all-day finger gallery. If it's the social spend more time in the city.

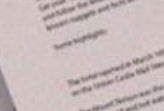

SEND A POSTCARD
Send a postcard to your loved ones from the beautiful Cape Town. The postcard features a scenic view of the city and the hotel. It's a perfect way to share your experience with your family and friends.

SUNRISE TREE WALK
Take a stroll and enjoy the view of the city from the top of the mountain. The walk is a beautiful way to start your day and enjoy the fresh air and the view of the city.

5 TRUTH TO EXHIBITION
In the Red City the only exhibition of the world's most famous elephants. The exhibition is a beautiful way to learn about the lives of these magnificent animals and the challenges they face.

6 DISTRICT SIX MUSEUM
Housed in a former Methodist Church, the District Six Museum is a beautiful way to learn about the lives of the people who lived in this area during the apartheid era. The museum is a beautiful way to learn about the history of the city and the challenges it has faced.

ONE & ONLY HOTEL

THE BRIEF

Our task was to create a luxury brand that embodies Africa's essence and meets global standards for the One & Only Hotel launch in Cape Town. This brand needed to blend seamlessly with the global identity while incorporating an influence of South Africa's culture.

THE SOLUTION

We developed a brand language inspired by Table Mountain and Signal Hill, with a design crafted to resemble influences of a traditional African basket. Drawing from Ndebele art, it offers a unique interpretation of these iconic elements along with vibrant colours, premium finishing, and advanced printing techniques, ensuring that our guest experiences are both luxurious and artistically captivating.

**THE VICTORIA
FALLS HOTEL**

THE BRIEF

To enhance the guest experience and update both the brand identity and in-room materials while honoring the hotel's rich heritage and architecture.

THE SOLUTION

During the hotel's renovation, we found old photos in the attic, of the Victoria Falls, travelers journeys and the hotel's history. Inspired by these images, we incorporated them into our hotel collateral touchpoints, crafting a narrative that reflects the hotel's past. We selected contemporary colours and designs that seamlessly blend with the building's classic aesthetic, resulting in materials that effortlessly combine tradition with modernity and the upgraded interior designs.

THE DROUGHT IS OVER!

Dear citizens,

It was the 49th edition, attracting almost 100,000 visitors and 250 top-notch galleries. And it was astounding. I'm talking about Art Basel in Switzerland, one of the most iconic fairs in the world that we had the privilege of visiting last month. The location of Art Basel Foundation was another highlight of our trip, where South African designer and artist Jorrie van der Westhuizen was invited to visit the famous Beyeler Foundation in Hohenheim, near Basel, an art museum overlooking the collection of Hedy and Ernst Beyeler. Here we saw famous works by Francis Bacon and Ad Reinhardt.
