

WEB & USER UX SERVICES

4 seconds - that's how much time you have to make a lasting impression on your visitors. With this in mind, we deliver cleanly designed and easy-to-use websites, that focus on achieving your business goals, by delivering bespoke, custom solutions, through the utilisation and implementation of best-of-breed technologies and practices, tailored to fit your specific requirements.

DIGITAL CAPABILITIES

FRONT-END DEVELOPMENT

Our front-end development stack is built using the Bootstrap framework allowing mobile responsiveness out the box.

SOURCE CONTROL

To ensure that every project is managed and backed up correctly, we make use of secure online git repositories. These are online storage blocks that allow easy collaboration between our developers and for working with external partners.

E-COMMERCE

Depending on the project type, we work on a wide variety of e-commerce platforms. For a bespoke, stand-alone platform, we would use either Magento or Shopify (size of project dependent).

ARCHITECTURE & BACK-END

We believe in using open-source frameworks for development - ensuring maximum scalability and support. Depending on the size and nature of the project we would choose between a Content Management System (CMS) - usually Wordpress, or the full MVC framework Laravel for bespoke applications.

Bitcoin \$38,182.01 -0.40% Ethereum \$38,182.01 +0.75% XRP \$38,182.01 -3.46% Solana \$38,182.01 -3.46% Terra \$38,182.01 +0.75% Cardano \$38,182.01 -3.46%

WELCOME TO THE FUTURE

01 02 03

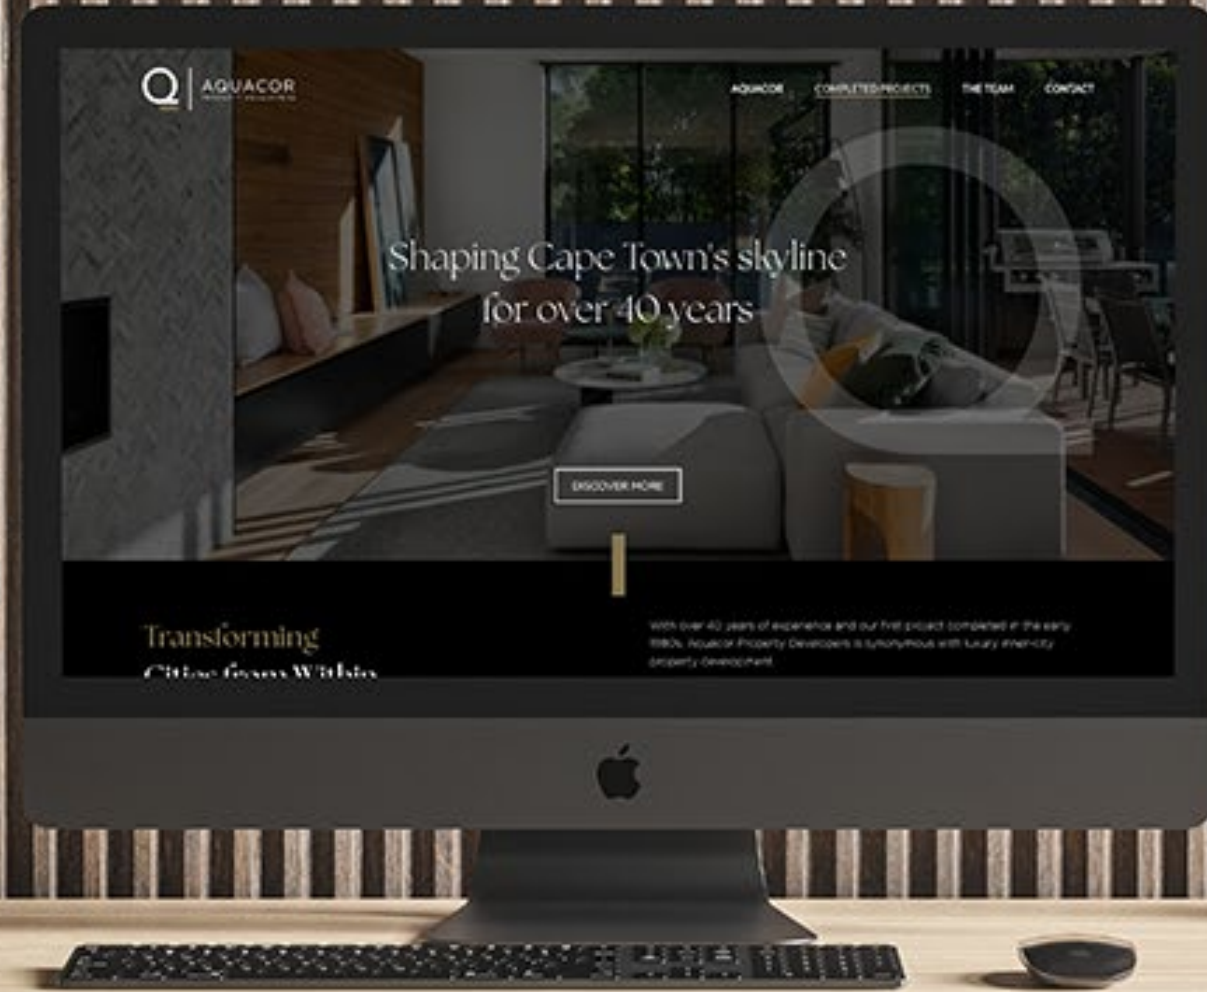

HELPING CREATE A GREEN SUSTAINABLE FUTURE

At Apatura we are on a mission to help change the way the world powers its future. We utilise established and emerging technologies to embed renewable energy in the power network, supporting the UK's ambition to de-carbonise the energy network by 2030.

We are a renewable energy company, specialising in Battery Energy Storage Systems (BESS) with experience of delivering solar and wind projects also. Our current pipeline of 70GWs in the UK, predominantly BESS located in Scotland, aligns with NGENO's targets for the network in the UK.
